Paper Kawaii - Origami Tutorials

<https://www.youtube.com/channel/UCA7kuhQGNI04X2dizncyiPQ>

Great YouTube channel with a huge range of different origami tutorials! There are different tutorials with different levels of difficulty! There is also a website for further support.

Origami Way - Origami Website

<https://www.origamiway.com/origami-tutorial.shtml>

Website with a large collection of origami tutorials. There are some very simple ones for younger students, as well as much more complicated tutorials for older students!

Origami Guide - Origami Website

<https://origami.guide/>

Another good website with a large range of origami tutorials. They have good step by step directions with pictures for each step. The only slight inconvenience is the ads between some pictures which may be confusing for younger students!
