

Geography - Daily Life

Part A: Compare school in Japan to your school life using the chart down below.

School in Japan	My School
A new school year starts in April.	
Children start elementary school at the age of 6.	
	Classes have around 20-30 students in them.
	Most schools have a uniform that students have to wear.
Lunch is eaten in the classroom with the class teacher.	
	Students learn English, Maths, Science, Music, History and much more.
All students help to deeply clean their classrooms every day.	
The class greets the teacher in the morning by standing and bowing.	
	Homework is set for every day except Friday.

What is one thing you prefer about Japanese school?
