

# Na Bunuimhreacha

## 10 Point Summary (Don't worry we'll keep it brief)

1. We use the bunuimhreacha to count nouns that are not people.
2. We use the nouns in their singular form following the Bunuimhreacha.
3. The numbers from 1-10 go as follows:

Number	Consonant	Vowel
1 Aon	séimhiú	nothing
2 Dhá	séimhiú	nothing
3 Trí	séimhiú	nothing
4 Ceithre	séimhiú	nothing
5 Cúig	séimhiú	nothing
6 Sé	séimhiú	nothing
7 Seacht	urú	n-
8 Ocht	urú	n-
9 Naoi	urú	n-
10 Deich	urú	n-

4. So just a quick recap on that...1-6 take a séimhiú...7-10 take an urú.
5. NOTE when the words "an" and "dhá" come together, the "dhá" loses the "h" and becomes "an dá".
6. NOW, when you move on to numbers bigger than ten, the structure is: "unit - noun - is - ten" and no...that doesn't make sense so here's an example: 32 chairs = dhá chathaoir is tríocha

Tah Daaaaah, not even close to ten points!
