

What is Capacity? Activities

We're going on a capacity hunt! You're going to have to search around the house for containers that fit the measurements I give you. I recommend the kitchen and the bathroom! For an extra challenge, set the timer for 30 seconds for each run!

Find something that holds...	What did you find?	What capacity was it?
Less than 100 ml		
More than 100 ml		
Less than 5L		
More than 1 L		
Between 1 L and 2 L		
Between 500 ml and 1 L		

What is the **LARGEST** capacity container you can find in your whole home and how much liquid do you think it could hold?

What is the **SMALLEST** capacity container you can find in your whole home and how much liquid do you think it could hold?
