

Attack on the Rainforest! Activities

Activity Two: Reporting on the Effects

Inspector, we have completed our reports on why they were chopping down the trees at each site. Now we need to investigate the effects that the deforestation is having on the plants, animals and people of the area.

You can either **write** a report from the sites or you can **record** a voice note explaining what you are seeing.

You must tell us:

- How has this effected the animals in the area?
- How has this effected the plants in the area?
- How has this effected the people who live in the area?

If you are writing the report, complete the report sheet on the next page! If you are recording, then you can send a voice note pretending you are there on Showbie!

Attack on the Rainforest! Activities

Activity Two: Reporting on the Effects

What has happened to the animals in the area?

What has happened to the plants in the area?

What has happened to the people in the area?
