

Attack on the Rainforest! Activities

Activity Three: Discussing the Solutions

Inspector, we have arrested the people in charge of each of the illegal sites. They are waiting to speak to you now.

You will need to go interview each of the 'illegal site' owners. Each of these people chopped down rainforest trees illegally.

You will have to:

- Read their excuse
- Tell them what they should do instead
- Decide what their punishment should be

Good luck Inspector!
