

Units of Length Activities

You will need a ruler for this activity. If you don't have a ruler, you can use the top of your little finger to measure with. Remember one little finger is 1cm.

We're going on a length hunt! You're going to have to search around the room you are in for objects that fit the measurements I give you. For an extra challenge, set the timer for 20 seconds for each run!

Find something that is...	What did you find?	What length was it?
Less than 30cm long		
More than 30cm long		
Less than 10 cm long		
More than 60cm long		
Between 10cm and 20cm		
Between 0cm and 10cm
