

The Explorer - Chapter 10

In Chapter 10, Max goes missing and the gang are feeling very worried!

Think of a time when you got lost. Maybe it was in a shop when you were smaller. Try remember what that felt like. If this never happened to you, you can just imagine what it would be like!

Where was it and how did it happen?

How did it feel to be lost?

How do you think Max felt when he was 'lost'?
