

The Explorer Chapter 7

In this chapter, Fred starts to build the raft to take them to safety!

Imagine you are Fred. You have to use the materials in the rainforest to make a raft to float down the river. Draw and label a design for your raft down below. It must include the following:

Your raft needs:

- to use rainforest materials.
- to have somewhere to sit safely.
- to have something to steer it.
- to have a place to take shelter if it rains.
